## ACU TRAINING COURSE FOR ROAD RACE LICENCE APPLICANTS

### ***Background information***

As part of the ACU's ongoing policy of rider development and education, all first-time applicants for Road Race licences, and riders who have been out of the sport for more than five years and wish to renew their licence must undergo a Competitor Training Course ('CTC').

The CTC is "classroom"-based and designed to ensure that riders understand the basic safety and organisational requirements to participate in Road Racing and to pass a simple multi-choice test at its conclusion.

Unless a potential competitor is able to prove having held an ACU Clubman's or National Licence previously, he or she must also be assessed on-track for their basic riding competence ('BRA').

Any geared motorcycle may be ridden, and a full set of protective clothing is required.

### ***Details of the CTC organised by Wirral 100 (Virtual Classroom)***

The CTC will be a Zoom-based course on Thursday 28<sup>th</sup> March, commencing at 7pm. The cost is £60 per person.

### ***Details of the BRA organised by Wirral 100 (On-Track Rider Assessment)***

The Club has allocated time during its test day at the Anglesey Circuit on the afternoon of Sunday 31st March for a follow-up of the CTC and for the riding assessments to take place. Signing-on is from 1200 to 1230 hours in the Race Office, on the ground floor of the Race Control Building. The cost is £90 per person, or £150 for both the BRA and the CTC.

### ***Under 18's***

Participants aged under 18 must be accompanied by a parent or legal guardian at both the CTC & BRA.
